STAR PLUS

FOR OHIO PUBLIC FUND MANAGERS

\$50 Million in FDIC Insurance

New Higher Yielding Tiered Structure

Daily Liquidity

Seamless Complement to STAR Ohio

STAR PLUS PROGRAM

STAR Plus enables all STAR Ohio participants—counties, cities, school districts, townships, political subdivisions—to generate a competitive yield on cash deposits in a network of carefully-selected FDIC-insured banks via a single, convenient account. STAR Plus offers attractive yields with no market or credit risk, penalty free withdrawals every business day, and seamless integration with an existing STAR Ohio account.¹

WHY STAR PLUS?

Why STAR Plus? Because we are sensitive to public funds managers' needs for cash to be flexible and more than a transaction account. STAR Plus is strategically designed to complement the STAR Ohio program for the public fund manager that seeks to potentially improve overall portfolio yield.

\$50 MILLION IN FDIC INSURANCE

YIELD

Competitive yield compared to money funds, US Treasury bills, CP, CD's, and time deposits.

Tier 1 0.20% (\$0-\$2.5 million)²

Tier 2 0.08% (Above \$2.5 million)²

COMPLEMENTARY

Deposit short-term cash into a network of bank deposits all backed by the full faith and credit of the U.S. government. The guarantee of FDIC insurance provides a great complement to other short-term vehicles.

DEPOSITS REMAIN IN US BANKS

STAR Plus deposits remain in U.S. banks unlike most other cash investment options, such as money funds or U.S. Treasuries. These deposits remain in the U.S. banking system at all times, which help to fund local communities' growth through development projects, job creation, new homes, and educational and social programs. The program seeks to deposit funds in participating Ohio banks.

INNOVATIVE PROCESS

STAR Plus is powered by the Federally Insured Cash Account (FICA®) program, which has been referenced in the Association for Financial Professionals (AFP) Liquidity Survey as a leading bank deposit vehicle each year from 2012-2017. FICA® seamlessly allocates cash deposits across a large network of carefully screened FDIC insured banks, which enables public funds managers to receive up to \$50 million insurance protection on their cash³. Deposits at each bank will not exceed the current maximum insurance amount of \$250,000 per depositor—FICA® will utilize at least 200 banks to insure a \$50 million deposit (\$250,000 x 200 = \$50 million). On a daily basis, each participant can view their list of banks and the amounts on deposit held at each.

²Current yield is not a guarantee of future results and may be adjusted throughout the month. Current yield and maximum FDIC insurance coverage is indicative for STAR

Plus and may change without notice due to changes in market or business conditions. STAR Plus balances over \$2.5 million will be a blended rate. Annual Percentage Yield Earned (APYE) is the yield earned as of the prior month end, net of all fees. For current yield information please call 800-648-STAR (7827).

³FICA[®] is not a member of FDIC, but the banks where money is deposited are FDIC members. The FDIC is an independent agency of the U.S. government that protects the funds depositors place in FDIC insured institutions up to \$250,000 per institution. FDIC deposit insurance is backed by the full faith and credit of the U.S. government. If a participant has cash at any depository institution independently from the FICA program that is in the FICA[®] network then they may not receive full FDIC insurance coverage on deposits at those institutions. Funds may be submitted for deposit only after a depositor enters into an administrative agreement. The account documents contain important information and conditions regarding the depositing of funds; these documents can be found at www.StarOhio.com.
